Parent and Family Engagement Budget Survey Thurgood Marshall Elementary School Clayton County Public Schools October 2019

Dear Parents and Family Members,

We value your input! As a parent of a child who receives Title I services in our school, you have the right to give input about how the school district budgets and spends its Title I Parent and Family Engagement money. Over the last few weeks, our school held various meetings with parents and family members to revise our school's Parent and Family Engagement Plan for this school year. We hope you had the chance to participate in one of these meetings. In the meetings, we discussed the following:

1. Parents and family members stated that they like having a parent liaison that is an advocate for them and provides family engagement opportunities at the school.
2. Parents and family members expressed that they appreciated and would like to continue having a place where they could meet and learn how to better support their child's learning.
3. Parents and family members asked for more resources on how to help their child at home.
4. Parents and family members would like to have engaging activities and workshops on helping their child with core content areas.

We have **\$3,360** in the Title I Parent and Family Engagement budget. Last year, we spent the money this way:

Mrs. Candice Dillard, Assistant Principal

This year, our parents have again expressed that they are engaging their children at home with success using our Parent Lending Library materials, therefore we want to continue providing these materials and workshops. In addition, parents continue to desire teacher-led academic parent workshops and family engagement events to increase their academic skills and ability to help their children at home, therefore we will continue to allocate funds to support parents in these areas. In an effort to keep parents and families engaged we will create activities that combine fun and academics so that we model what we want parents to do at home with their children. Moreover, parents and families will enjoy participating and receive the support they need as equal partners in their children's education and academic success. **Though our funding was less this year we would like to spend the Title I Parent and Family Engagement budget the same way:**

Do you agree with how we have budgeted parent and family engagement funds for this school year?
